

EAGLE TELEMEDICINE: PSYCHIATRIC CARE SERVING THE UNDERSERVED

Due to a nationwide shortage of behavioral health practitioners, many facilities struggle to provide access to psychiatric care. Eagle Telemedicine's telepsychiatry solution helps fill that gap by offering remote access to a team of expert psychiatrists, **anywhere, anytime.**

CHALLENGE

Mental illness affects
1 in 5 Americans

1/2

More than half of US counties
have no behavioral health
professionals

As a result, more than 62% of
Americans suffering from mental
illness do not receive treatment

SOLUTION

Using Eagle's telepsychiatry solution,
psychiatrists can deliver real-time, face-
to-face treatment using secure, two-way
audio/video interaction.

Eagle's remote physicians provide care for:

on-call or ER
coverage

ongoing clinical
therapy

medication
management

BENEFITS

24/7

Enhance quality of care with
immediate, 24/7 access to
psychiatrists

Reduce costs by avoiding
prolonged stays in the ED or ICU

Improve access to behavioral
healthcare in underserved
communities

Provide specialized, expert
support for attending physicians
