

[NP/PA BACK-UP]

Does your hospital leverage nurse practitioners and physician assistants (NP/PA) to manage inpatients?
Eagle Telemedicine facilitates NP/PA care management by providing access to physicians who can collaborate to provide comprehensive local care.

COLLABORATIVE SERVICE

Hospitalists participate in daily rounds via live video conferencing and are available 24/7 to collaborate on patient care.

Specialists are available for collaboration on patients coming from:

THE ER

CLINICS

INPATIENT
SETTINGS

BENEFITS
