

The Power of Telemedicine

Tailored Telemedicine for Expert Care, Anywhere

Today's hospitals and healthcare systems face unprecedented challenges, burdening physicians and the clinical staff that supports them. Physician shortages are impacting hospitals both small and large.

Eagle Telemedicine is the ideal solution to overcome these challenges. An innovative, customizable telemedicine solution for night shift care, specialty coverage and staffing gap support, Eagle is a technically advanced service that has been designed by physicians to improve patient outcomes and enhance hospital revenue. With Eagle, you will increase admissions, enhance specialty care and lower patient transfers to tertiary hospitals.

Delivered by dedicated and experienced physician teams via cutting edge technology, Eagle services provide the customized and proven solution your healthcare organization needs to achieve resilience and sustainable success.

Eagle Benefits

Improve Care

Reduce Transfers

Nursing Support

Raise HCAHPS Scores

Minimize Staffing Gaps

Improve Physician Retention

Expand Speciality Services

Eagle Telemedicine brings the specialist to the patient for expert care, anywhere.

Improve patient care and minimize the burden on your on-site physicians and clinical team.

Sustainable Healthcare Solutions

Increase the access your healthcare organization needs to specialists and extended resources.

Night Shift Care

Solve hospital night shift coverage challenges and provide valuable support for nighttime clinical teams.

Specialty Coverage

Improve patient outcomes by expanding the access your hospital or health system has to physician specialists.

Staffing Gap Support

Overcome your physician recruiting and retention challenges with sustainable access to a dedicated team of physicians.

Eagle Service Models

Eagle offers customizable coverage models to meet the ever-changing needs of hospitals of all sizes.

Eagle Eye Coverage™

Eagle's on-call model offers effective 24/7 solutions for the comprehensive physician coverage your facility needs. Support your clinical team by "beaming in" physicians right when you need them.

Eagle Expert Consults™

Eagle's scheduled consult model is an affordable opportunity to enhance your hospital's specialty offerings. Consults are scheduled with telemedicine providers across a full range of specialties, and take place within 24 hours.

Eagle Virtual Partnerships™

The Eagle virtual partnership model is ideal for hospitals that may already have on-site specialists, but not 24/7/365. This service offers a safety net for those on-site specialists through nights, weekends and vacations. They can rest easy knowing their patients are in good hands.
